

MHA 3-YR Course Rotation

Below is the 3-year course rotation for courses offered as part of the Master of Healthcare Administration (MHA) program in the Department of Healthcare Administration and Policy (HCAP). The schedule below should be used as a reference as to when classes are expected to be offered. While the department will do its best to meet the schedules outlined below, course offerings are subject to enrollment and faculty availability. Students are encouraged to take courses during their fall or spring schedules as summer courses may be subject to cancellation due to low enrollment. To assure availability of classes, make sure you contact your adviser each semester to update your plan of study. Please see course notations at the bottom of the schedule. Students should also view the 3-year course rotation for required courses taught by other departments (e.g., EAB 703, EOH 710).
