All doctoral and masters students have access to iThenticate software as part of their enrollment in their graduate program. All doctoral students are assigned an iThenticate log-in during their first semester at UNLV, while masters are assigned an account after the successful completion of 15 graduate credits.

Account information is emailed from grad.td@unlv.edu to the student's RebelMail. If you need assistance, email grad.systems@unlv.edu and they can resend your password and login information.

Choose your document files to upload to iThenticate. Direct uploads can be done in standard documents and zipfiles. Documents can also be dragged and dropped into the application or cut and pasted into a text window. Accepted file formats include Word & Word XML (.doc, .docx), WordPerfect (.wpd), Rich Text Format (.rtf), HTML (.htm, .html), Text (.txt), PostScript (.ps, .eps), and portable document format (.pdf). For theses and dissertations, we strongly recommend the use of portable document format (.pdf).

Please keep in mind that larger documents can take up to 24 hours to process. You do not need to be logged into iThenticate for your document to finish processing and we recommend logging after a few hours if your document is taking a longer amount of time to process.

Once your report is complete, a percentage box will appear next to its title. Click on the percentage and you will be redirected to a report page. It will open as a document viewer. On the bottom right of this page will be a link that reads "text only report", select it. Now go to the top left corner of the page and use the drop down menu to select "summary report".

This will allow you to view similarities between your document and other documents in order of percentage.

Once the pdf of your report has been generated, it should be emailed to your committee prior to your document defense. We recommend sending your similarity report to your committee a

minimum of 5-7 days before your defense.

The Graduate College only requires the first page of your report be printed and attached to your culminating experience form, please see the sample below.
